SEPANG INTERNATIONAL CIRCUIT (SIC)

Sepang International Circuit (SIC) will again play host to **Round 2 of the FIA Formula One Grand Prix World Championship in 2008 from 21 to 23 March.**

The award-winning circuit had its humble beginnings with Petronas' involvement in Sauber F1 way back in 1996 as the then Prime Minister, Tun Dr. Mahathir Mohamad recognised the potential of F1 and how it can be used to promote Malaysia. A handshake, a signature and a circuit later, Malaysia joined the big leagues of motor sports.

Later in 1999, as Malaysia and the region were recovering from the economic recession, the ultimate race in the motor racing was finally making its debut in Malaysia. SIC was ready to welcome all the F1 drivers and the world's fastest cars to Malaysia.

Not only did SIC excel in organising the event, SIC was also rated as the best circuit in the world at the FIA Annual Dinner in 1999.

Today, 10 years on, SIC is still THE circuit to which others are compared to. For further information, please visit: www.malaysiangp.com.my
