

MEDIA RELEASE

MALAYSIAN SPA WINS MOST INNOVATIVE SPA AWARD

From left: Laurent Myter (VP - YTL Hotels), Geordie Greig (Tatler UK), Pak Yahya (Malay Healer, Spa Village Tanjong Jara)

Spa Village Tanjong Jara gains recognition as the Most Innovative Spa at UK's Tatler Spa Awards held in Vogue House in London on 11 September 2007. This accolade is a testament to the unique nature of the Malay healing culture found only in the east coast of Malaysia.

Tatler's Body&Soul Guide covered 106 of the best spas in the world yet only presented five Spa Awards. The awards examined a diverse range of desires among spa goers; and awards were given to the Best Family Spa, the Best Spa for Pampering, the Most Life Changing Spa, the Best City Spa and the Most Innovative Spa.

Spa Village Tanjong Jara set in Tanjong Jara Resort, a luxurious 5-star resort on the east coast of Malaysia, is a complex of elegantly designed structures that echo the intricate architecture of 17th century Malay palaces. It provides spa goers with an individual and authentic encounter rooted in the ancient traditions of Malay healing culture.

The ancient heritage of Malay healing traditions and techniques are combined with oils and scrubs, created from handpicked natural local ingredients, to provide unique and authentic spa experiences in this luxury spa retreat.
